Subject: Hot Shots - Fly insecticide in stores - DOH VIOLATION

Hi all,

The DOH are hot for citing Hot shots in stores. By law, partners can't be in a store for more than Four hours in a 24hr period, with only one hot shot.
Please see attached video, it shows one store with 9 hot shots on top of the FOH cabinets. Pest control company is finding out which store this is.
Attached is also a DOH violation for a hot shot in one of our stores.

Please, I ask again, for our partners safety, health and brand (protecting A grade), pass on this message onto the DM/SM and have them all removed.

Thank you,

Rami Kranz
